Fled to Canada to Avoid Arrest for Contempt of Court.

**HE HAS RETURNED**

Peter Power Surrenders to United States Marshal in New York.

**IS CONFINED IN JAIL**

(Special By Scripps-McLae.)  
New York, Aug. 19.—Peter Power, the complainant in the case against the Northern Pacific, who fled to Canada to avoid arrest for contempt of court returned to New York this morning and gave himself up to the United States marshal.

Under Sentence  
Mr. Power was sentenced by Judge Lacombe to thirty days imprisonment in jail for contempt of court. He then fled to Canada. He is at present confined in the Ludlow street jail waiting an order from the court before he is released.

Consul No Avail  
The pleadings of the consul who accompanied him from Canada was of no avail and Power was placed behind the bars as soon as he gave himself up to the marshal. The order from the referee of the road that he appear today being considered secondary to the order of the court.

**POSTPONE CHOICE  
OVER SIX MONTHS**

University Regents Set April as the Date for Choosing a President.

(Special To The Gazette.)  
Madison, Wis., Aug. 19.—By a vote of eight to six the regents of the state university today again delayed the election of a president and gave the special committee in charge of the matter time for further investigation to report not later than the April meeting, 1903. This means that Prof. Charles R. Van Hise, whose election was claimed as certain will not be president, but that some man from outside the state will be chosen for the place. The six who voted against the resolution granting the committee further time were: Regents, Edmunds, Parker, Kerwin, Puls, Perelles and Merrill.

(Special To The Gazette.)  
Madison, Wis., Aug. 19.—The state board of control today elected James E. Conklin of this city warden of the state prison at Waupun. Mr. Conklin had not been mentioned for the place outside of the board, and his election caused much surprise, though conceded to be a good one. Mr. Conklin is a member of a leading coal firm here and has been a member of the Fire and Police Commission since its organization. He is a gold democrat. Mr. Conklin will take charge of the prison on September 1.

**SECOND TRIPLE PLAY  
IN SCORE OF YEARS**

First Baseman O'Hagan at Jersey City Duplicates Famous Record of Paul Hines.

Jersey City, N. J., Aug. 19.—In a game in which Rochester of the Eastern league defeated Jersey City First Baseman O'Hagan of the Rochester team made a triple play unassisted. More than twenty years ago Paul Hines, then left fielder of the Providence National league team, made a triple play unassisted. Not since then has any baseball player ever equaled the feat.

In one of the early innings of the game Shoch was on second and Mack on first base. The batter, in an attempt to bunt, hit a short infield fly, which O'Hagan caught. He then ran to first base and touched the bag, heading off Mack. O'Hagan then went to second, which he reached before Shoch, who was running for third, could get back.

**SAVED FROM DEATH IN A FIRE**

Milwaukee Man Rescued by Means of Ladder Just in Time.

Milwaukee, Wis., Aug. 19.—J. P. Dale came near losing his life in a fire in the building at 628 St. Paul avenue. The firemen found a fierce blaze when they arrived and Dale was standing at an upper window. A ladder was run up and the firemen brought him down in safety, though he was unconscious when he reached the ground. He was sleeping in an attic when the alarm was given, became dazed by smoke and could not find the stairway.

**NEW ROOKERY  
OF FUR SEALS**

Discovery Lies Between the Behring Sea and the Pacific Ocean.

Washington, D. C., Aug. 19.—(Special.)—Lieutenant Ellsworth Berthoff of the revenue cutter service who received a gold medal from congress last spring for his part in the overland expedition in Alaska in the winter of 1897-'98, and who made a trip in arctic Siberia last year in search of reindeer for the government, has added to these exploits by discovering a new fur seal rookery in the Aleutian Islands. While cruising among the islands near the extreme western end of the chain early in July as the executive officer of the steamer Manning, Lieut. Berthoff went ashore with a boat's crew on the island of Boulder. There he found two rookeries of fur seals similar to those found on the famous Pribilof Islands, which are situated fully 700 miles in a northerly direction from Boulder.

In Behring Sea  
The scene of the newly discovered seal herd is a mere bit of land between Behring sea and the Pacific ocean, fully 3,500 miles west of San Francisco, but still within American jurisdiction. Lieut. Berthoff approached the herd closely enough to learn that none of the seals had been branded, and there was no sign that white men in search of fur seal had ever been near the island.

**SCHWAB STARTS  
FOR LONG REST**

Steel Magnate To Sail for Europe Tomorrow from New York.

**TALK OF SUCCESSOR**

James Gayley Mentioned as a Possibility, After His Retirement.

**AN ABLE MANAGER**

(Special By Scripps-McLae.)  
Pittsburg, Pa., Aug. 19.—President Schwab of the steel trust has ordered his magnificent private car, the Loret, to come to Pittsburg at once and take him to New York from which city it is understood that he will sail tomorrow for an indefinite rest in Europe.

Only A Summer Trip  
His personal representative states that the trip is only Mr. Schwab's regular summer trip and that it is not for any extended duration. Despite this assertion James Gayley, second vice president of the company is slated for the presidency of the concern if Schwab retires and talk is rife on this subject.

A Young Man  
Mr. Gayley has been a scientific metallurgist for years and is a thoroughly competent manager. He is only forty-five years old. J. Pierpont Morgan will act as the nominal head of the concern during Mr. Schwab's absence.

Jersey City Coppers Are Taught How Not To Shoot Themselves.

New York, Aug. 19.—(Special.)—Chief of Police Murphy of Jersey City, fearing that he would find the department a man short some morning as the result of the accidental discharge of a policeman's revolver, promulgated an order today that every member must always keep one chamber unloaded with the hammer resting on that chamber. "Care will be taken," said the chief, "that all other chambers are fully loaded, so that when the hammer is raised a cartridge will come under it ready for use."

Two Men Shot  
Two Jersey City policemen have shot themselves recently by dropping their revolvers on the sidewalk while running. Hereafter, according to the chief, a policeman will place his hand over his pistol pocket when sprinting.

**NAVY MAY ADOPT  
MARCONI SYSTEM**

Experiments Are Being Held at Annapolis, with View of Equipping Warships.

Washington, D. C., Aug. 19.—(Special.)—The board appointed to witness the wireless telegraph tests and to decide upon the system to be installed in the navy, of which Commodore Arnold is the president, met here today and subsequently visited the navy yard, between which point and Annapolis the apparatus of the four systems brought from Europe by Lieutenant Huggins are to be tested. The shore tests will be followed by tests from a ship at sea with a shore station, and subsequently between two vessels at sea.

Naval Opinions  
It is pointed out by naval officers interested in this subject that the American navy is far behind European navies in the matter of wireless telegraphy. England has over thirty ships equipped with the Marconi system, and Germany's ships are generally being fitted with wireless apparatus. Much attention is being devoted to the subject in France and Italy.

**KEROSENE EXPLOSION  
CAUSES DEATH OF TWO**

Nebraska Man Uses the Fluid to Start a Fire With the Usual Fatal Results.

Gering, Neb., Aug. 19.—Two persons dead, three more at the point of death, a sixth fearfully burned and a residence in Gering in ashes is the result of the lighting of a fire with kerosene. C. N. McComsey, whose wife had been ill for several days, was attempting to start a fire in a wood stove when the oil exploded, setting fire to his clothing and throwing burning fluid all over the room. He was fearfully burned and ran screaming out of the house.

Before help could arrive the fire had also burned his helpless wife, a baby only a few days old, their 2-year-old son and the two little daughters of Luther A. Cook, a neighbor, who were playing with the McComsey boy.

There has been a typhoid epidemic in the capital, 250 cases were under treatment Monday.

**TURKEY MUSTN'T  
DELAY TOO LONG**

Uncle Sam May be Compelled to Take Serious Notice of Trouble.

**CHAFES AT DELAY**

Settlement Not Yet Made For Destruction of American Property.

**TALK OF WAR SHIPS**

(Special By Scripps-McLae.)  
London, Aug. 19.—The official relations between the Port of Turkey and the American minister at Constantinople is decidedly strained. Word from there this morning says that the official relations between the port and the American relation is strained because the latter has failed to fulfill certain undertakings relative to the American claims.

May Cause Trouble.  
It is thought in official headquarters here that the relations may become more strained owing to the delay and that the United States may take serious action. The accounts show that unless the Port reconsiders his action, and takes steps to remedy the warships may be sent to enforce the claims.

The Claims.  
The claims referred to are ones that are brought about by the recent destruction of property belonging to Americans and has never been satisfactorily settled.

**MAINE GOES INTO  
NEW DRY DOCK**

Preparations for the Final Speed Test of the New Battleship.

New York, Aug. 19.—(Special.)—For the purpose of putting the vessel thoroughly into shape for the forthcoming official speed trial, the battleship Maine today was warped into dry dock No. 3 at the Brooklyn navy yard without a mishap. Officials present at the yard expressed the opinion that the Maine would probably score an average of nineteen knots in the first hour of official work.

Cracks Discovered  
Several small and apparently insignificant cracks were discovered in the turrets of the battleship. Some of the supposed cracks or imperfections on the rear turret are said to have the appearance of extending beneath the surface to about an eight of an inch. It is thought that the Maine will be ready to participate in the winter naval maneuvers in the Caribbean sea.

**BOXERS BURN AND KILL  
CHRISTIANS IN CHINA**

Red Lantern Society Destroys a Chapel and Murders the Minister and Four Others.

New York, Aug. 19.—The Methodist mission board has received by mail a number of reports from its agents in China concerning the recent local uprisings.

Rev. Joseph Beech of Chung King, west China, writes under date of June 22:

"Word has just been received from Rev. W. Edward Manly and Rev. Spencer Lewis, a superintendent of the mission, who are in that neighborhood, that the Red Lantern society, the local name for 'boxers,' has burned the chapel at Tien-Ku-Chiao and killed the preacher and four other members. The officials have endeavored to suppress these 'boxer' practices and had previously decapitated six and crucified one. Through this section there has been drought for a considerable time and this adds to the unrest. We are confident the officials can cope with it, but it may cause us much loss in the outlying districts."

**WRESTLING MAY PROVE FATAL**

Illinois Man Badly Injured by His Opponent's Hugging.

Mattoon, Ill., Aug. 19.—In a wrestling match on the farm of James North, near Redmond, Edgar county, Bryan Long, a wrestler of local reputation, was so badly squeezed by his opponent, Jack Ryan, that his condition is extremely critical. Long had defeated all other contestants with ease and he expected to win from Ryan. In the first bout Ryan hugged Long so fiercely that three of his ribs were torn loose. The ligaments of Long's shoulder were also torn. Not until after the third fall would Long disclose how badly he was injured.

While scuffling in a barn Henry Davis was thrown by Morton Dare and his neck broken. Death was instantaneous. Dare, who is a son of the proprietor of the Dewey house, claims that it was a friendly bout. He was arrested, however, to await the findings of the coroner's jury. Davis, who was 18 years old, was married last spring.

**GERMANY WANTS  
WORLD'S TRADE**

To Accomplish It More Consuls Are Added to Its Large List.

Washington, D. C., Aug. 19.—(Special.)—Germany is constantly reaching out for the trade of the world by increasing the number and efficiency of its consular officials, according to a report made to the state department by United States Consul Monaghan at Chemnitz. In his report the consul says: "The development of the German consular system during the last twenty-five years testifies to the industrial and commercial expansion of the German empire. In 1872 the service comprised some 556 consulates, while in 1897 statistics available the number had grown to 789."

Two Classes  
"Two general classes may be distinguished in the German service—the consuls by profession and the elective consuls. The former hold office under civil service rules and are admitted upon examination or other special proof of fitness to service in the chambers of commerce. Promotions are made on the strength of the work done and regular salaries are paid. The elective consuls are chosen by the business men of the foreign city where they are to act, and receive no fixed salary, their position being honorary in nature. Consuls by profession are, of course, sent to the most important commercial centers."

The general impression among those let into the secret is that Roosevelt intends to remain and renew the fight for Cuban reciprocity.

**HOARD SPEAKS  
FOR SPOONER**

Former Governor Tells His Reasons for Wishing His Return.

**BREAKS SILENCE**

Has Refused To Talk Ever Since the Madison Convention.

**HIS PLATFORM GIVEN**

(Special A. D. Dispatch.)  
Port Atkinson, Aug. 19.—Former Governor Hoard has at last broken the silence he has been wrapped in since the state convention in July. He has come out in a statement to the farmers of the state of Wisconsin that should bear fruit at the coming fall election. He states in concise language just why he is for Spooner, why he is for Gov. LaFollette and why the farmers of the state should support them both.

**He Is For Spooner**

Mr. Hoard is for the return of Senator Spooner because he thinks that the interests of two farmers of the state demand it. He firmly believes that had it not been for the Senator's influence and work the oleomargarine bill would not have been passed. This and thus alone in Mr. Hoard's mind is cause enough for his re-election by the farmers of the state as a slight mark of their appreciation of his services to their interests. Mr. Hoard is a farmer first and always. He has the farmers' interests at heart and in their interests he speaks as he does. He is sincere in his opinion and states what he believes to be the truth of the present situation.

**His LaFollette Reasons**

He stands for LaFollette because he believes that LaFollette stands for the reformation of the election laws of the state which he thinks is a sad necessity. He stands for LaFollette because he thinks that by this means the tax payers will be benefited and an equalization of the taxes will be made. He stands for the Governor because he believes that he has made a firm stand in the questions he has at heart and believes that these measures are beneficial to the voters of the state.

**A Spooner Man**

First and last Mr. Hoard is a Spooner man. He firmly believes that Wisconsin's greatest son will be sent back to the senate by an unconditional vote of the legislature. He says of the state convention and its Spooner plank:

"I strove as best I could to convince my LaFollette friends at the late state convention that it would be an act of wisdom to endorse Senator Spooner unconditionally—wisdom in the interest of the two other issues for such an endorsement would take him out of the contest and leave the field clear for the consideration of those issues. I think the subsequent events have convinced many of them at least, of the wisdom of this view of the situation."

**Dairy Interests**

"One of the basic reasons demanding a re-election of Senator Spooner is the dairy sentiment of the state. The 200,000 dairy voters of Wisconsin are in favor of Senator Spooner because of his work on the oleomargarine bill. Had it not been for Senator Spooner's work and influence we never could have passed that measure through the senate. Of the leaders of the majority, he was the only one in close touch with the sentiment of the country on the subject. And not only did his efforts pass the bill through the senate, but he solidified the sentiment and judgment of the administration."

**His Platform**

"It is in this light and from this standpoint that I propose to stand as a Republican and a citizen. My belief is that the 117 legislative districts which elect representatives this year are the supreme masters of their own purpose, of their own ideas, and of all issues. It is for them to say whom they want and what they want him to do. The state convention may recommend, and to a certain extent may declare the purposes of the party, but the people are the final masters of the situation. It is the province of political wisdom not to recommend or to declare that which the people will not endorse."

**WOLCOTT TO QUIT COLORADO**

Denver Men Not Surprised Ex-Senator Will Move From State.

Denver, Colo., Aug. 19.—Denver residents are not surprised by the announcement that ex-Senator Wolcott had decided to desert Colorado. He has been disappointed in his political ambitions so often that his retirement from the state was considered only a question of time, as it was known he was grieved by the rebuff administered to him. Mr. Wolcott has given orders to close out all of his interests in the state. He is already out of the Colorado Fuel and Iron Company and Colorado Telephone Company. He has millions tied up in 100 other Colorado corporations.

### UNION.

Union, Aug. 18.—Elder Smith is back from his trip to Oklahoma, and is shaking hands with his host of friends once more.

Misses Dora and Atolee Frost entertained a merry party of young people on Tuesday evening, the 12th. Ice cream and cake was served by way of refreshment and the merriment held away until a late hour.

The most amusing part of the program, however had to be abandoned owing to the inclemency of the weather.

The greatest attraction of the season seems to be the arrival of the "Fresh Air Children," judging by the crowd that assembled at the depot at Evansville last Thursday to see the train come in.

The amusement is not all on the side of the people, however, for the youngsters are making every moment good at their merry making.

We learn with much concern that Master Willie Stewart is ill with typhoid fever.

## WORKMAN FALLS FROM SCAFFOLD

CHARLES LAWSON HURLED FIFTY FEET TO THE GROUND.

## BAD ACCIDENT AT CITY HALL

Injured Man Suffers Eighteen Fractures and Internal Injuries, Which May Result Fatally.

The first serious accident that has happened at the new city hall happened this morning shortly before eleven o'clock when a swinging scaffold on which Charles Lawson and his brother were working, gave way throwing Charles Lawson to the ground fifty feet below.

Lawson and his brother came here from Chicago about a week ago to work for a contractor who had the contract for pointing up the building. They had finished up the front and one side of the building and had started on the rear. This morning they were working on the cornice on a swinging scaffold about midway of the rear of the building. They had finished up a portion of the work and started to shift the scaffold when in some way the rope slipped and the end of the scaffold on which Charles Lawson was hanging came loose and he was precipitated to the earth fifty feet below and landed on his arms and back.

His brother who was on the opposite end of the scaffold felt the rope give and grabbed the rope on his end and was hanging there calling for help when the other workmen in the building rushed out to see what was the matter. They at once secured a ladder and rescued him from his perilous position.

His brother Charles was lying on the ground walling but was still conscious, and asked him how the scaffold happened to give way.

Had Eighteen Fractures. A call was sent to the fire station and the patrol wagon summoned and the injured man was taken to the Palmer hospital and J. F. Pemberton attended to his injuries. They found eighteen fractures in different parts of his body both arms and both wrists being broken. He also received numerous internal injuries which may result seriously.

## ARE NOT TAKING MORE THAN GIVEN

Shows Were Given Permission To Use the Streets, by Common Council.

The police and city authorities are having considerable trouble with the people owning property on the streets occupied by the Morris and Berger carnivals shows. The show people are not taking any more than was given them by the council at their meeting on August 4. At that time by a unanimous vote of the council Morris and Berger were given permission to occupy the intersecting streets along Main and Milwaukee streets for their shows. This proceeding is a matter of record and can be seen at the city clerk's office.

Follow Ordinance. An order was passed so that Main and Milwaukee streets could be kept reasonably clear. The police made a number of the fakirs on Milwaukee street tear down parts of their booths this morning and keep them inside of the limit granted them. They are allowed to use the street six feet out from the curb, but when they get a chance they build the booths out eight and ten feet.

Hogan in Charge. Chief Hogan and the street committee took a hand in the game this morning and as a consequence several of the booths were cut down to the limit.

Even Clocks Bow To The Elks. F. C. Cook's Electric Clock Stops at the Mystic Hour of Eleven O'clock.

What is considered as one of the freaks of the carnival happened at F. C. Cook & Co's jewelry store last night. They have a self winding electric clock in their show window that has been running for over a year and has never been touched during that time.

This morning when the store was opened it was noticed that the clock out of regard for the Elks' motto "that it never is later than eleven o'clock" had stopped exactly at eleven. Yesterday being the first day of the carnival it is considered a very curious circumstance that the clock should stop exactly at eleven.

Mr. Cook is authority for the statement that no one about the store tampered with the clock and that it was running when they closed up last night.

David Myers. Funeral services for the late David Myers were held from the home of Mr. and Mrs. F. B. Strickler, 3 East street north this afternoon at 2:30 o'clock.

The home was filled with sorrowing friends of the bereaved family and there were many beautiful offerings. The impressive service was conducted by the Rev. J. T. Henderson, pastor of the Presbyterian church and several appropriate songs were sung beautifully by a quartet consisting of Mrs. John G. Rexford, Mrs. Fanny L. Clark, C. N. Vankirk and George G. Paris. The interment was in Oak Hill cemetery, the pall bearers being Henry Rogers, O. P. Nowlan, L. F. Holloway, S. C. Burnham, John Stanton and William Blair.

STOP PRAYER TO CHASE THIEF. Men of an Indiana Congregation Interrupt Service to Pursue Man.

Washington, Ind., Aug. 19.—Services at the Christian church, ten miles south of here, were stopped while the men chased a horse thief. A man giving his name as William Hamm visited the hitch rack in front of the church, and while the services were going on, drove off with the horse and buggy belonging to John Hendricks. The alarm was given and the minister, who was in the midst of his prayers, excused all the men, that they might capture the thief. After an all night chase Hamm was captured.

## COMMITTEE ARE MUCH PLEASED

INVESTIGATION OF THE VUDOR FACTORY SATISFACTORY.

## WERE IN WORCESTER, MASS.

Efforts Will Be Made to Bring the Plant to the Bower City.

After a three days' visit of inspection at the Worcester works of the Hough porch shade company the local committee of business men have returned to make their report. The members of the committee were P. Hohenadel, Jr., R. M. Bostwick and A. E. Bingham, and their report of the plant and the standing of its promoters, is highly favorable. As soon as word is received as to the result of a meeting of the directors of the company, which will be held Wednesday, the local promoters of the enterprise will take steps toward bringing the factory to this city.

No Centralized Factory. Everything in the Worcester home of the Vudor shade was found as the gentlemen who were here represented it. The equipment of the factory is very good but the building location is so inconvenient that some change will soon be imperative. At present the plant is located in the first and third floor of one building, one floor of a building half a block from the first, a warehouse at a distance of a block, and a lumber yard which is inconveniently situated with respect to the remainder of the plant. The works have been added to from time to time since their organization and the scattered system has resulted.

Employ Many Hands. The members of the committee were well pleased with the grade of work which was being done in the factory, which employs about ninety-five hands, and with the facts which they learned regarding the business standing of the officers of the company. Neither of the two men who were here had lived in Worcester until two years ago, and so had no urgent reason or remaining there if the factory would gain by a change.

Meet With Opposition. It was found, however, that the outside stockholders in the company, who are all business men of Worcester, objected strongly to the proposed transfer of the factory to the West. Wednesday a meeting will be held of the stockholders and by Friday it will be possible to tell definitely whether the shade works will come here or not. Little doubt is felt, however, of the ability of the managers of the company, who are strongly in favor of the transfer, to effect the desired change and efforts will then be made to interest local capital in the venture.

PLAY BALL HERE TODAY. Clinton Maroons Cross Bats with Locals Players. This Afternoon.

Base ball is being played at Athletic park this afternoon between the Clinton Maroons and the Janesville team. Young the great amateur pitcher of this region, is in the box for the Reds and "Bill" Merrill and Tom Mills of Beloit are also playing with them. The local team hope to put up a strong fight and avenge their defeat of a few weeks ago.

Play Every Day. If the game between the Clinton Maroons and the Janesville semi-professionals this afternoon proves successful from a financial standpoint, it is probable that three successive games will be played on successive days by the same teams. The Clinton people have not yet been beaten this season, and if the series should be carried through some close contests would undoubtedly result.

Court Cases. The case of the state of Wisconsin vs. George Kettle of Leyden, charged by Alfred Pearl with committing an assault on him was called by Judge Field this morning. The defendant pleaded guilty and was fined \$10 and costs in all \$12.50, which he paid.

The case of the state of Wisconsin vs. Ike Vicondez, Morris Jacobson, Philip Jacobson and Ben Jacobson, charged with assault and battery by A. Benes, was called. The defendants plead not guilty and the case was adjourned until 2 o'clock to allow them to get a lawyer to defend them.

Justice Court. In Justice Earle's court the case of C. T. Wright vs. Henry Collins was adjourned until Wednesday. In the same court the case of Katherine Kapelski vs. John Jensen was ordered removed to C. W. Reeder's court.

The case of Katherine Kapelski vs. John Jensen which was brought over into C. W. Reeder's court by a change of venue, was called Monday morning and was heard. The hearing, which was a trial of replevin, was continued this morning and a decision will probably not be handed in until Wednesday morning.

Michael Noonan. Funeral services for Michael Noonan were held in St. Augustine's church at Footville Monday morning at 10:00, Rev. Joseph Smith officiating. The pall bearers were John Devins, John Brehany, Thomas Vail and Jas. Murphy.

## STORMS RUIN MANY HOUSES

### DARKNESS PREVAILS AT MIDDAY

Nauvoo, Ill., is the Center of Action and the Inhabitants Become Panic-Stricken—Corn is Levelled and Grapes Suffer Severely.

Keokuk, Ia., Aug. 19.—This city was almost cut off from telegraphic and telephonic communication for twenty-four hours. Sunday afternoon lightning, wind and rain wrought havoc all over the country around here.

A score of towns in Hancock and adjoining counties in Illinois were hard hit and about 100 farmhouses and barns struck by lightning. The city hall of Carthage was struck. Torrents poured down the streams east of here, washing out bridges, culverts and telegraph poles and delaying and stopping trains on the Burlington, Wabash and Toledo, Peoria and Western roads.

Illinois Towns Suffer.  
The center of the storm seemed to be at Nauvoo, Ill., and the old Mormon town was almost panic stricken as it became black as night in the middle of the afternoon. The large grape industry is badly damaged and corn flattened to the ground by wind and torrents of water. Bowen, Ill., was the center of damage to telephone lines, many of which were knocked out by lightning and wind.

The storm was as severe on the Iowa side of the Mississippi river, and almost the same story of damage by lightning, wind and rain comes from there. Fort Madison had smokestacks and trees blown down in the city. Farmington had a hard storm. Lightning, wind and heavy rain damaged crops and farm buildings throughout Lee county and the path of the damage extended into adjoining counties.

### KILLED BY LIGHTNING.

Bolt Follows a Trolley Wire and Strikes an Ice man.

St. Louis, Mo., Aug. 19.—John Grammam, driver of an ice wagon, was killed by lightning in a peculiar manner. Grammam was standing on the rear step of his wagon chopping ice on Manchester avenue when there was a flash of lightning and a ball of fire rolled along the trolley wire overhead. When above Grammam it burst with a loud report and he fell to the ground unconscious, dying shortly afterward.

### Flood Threatens in Iowa.

Ottumwa, Ia., Aug. 19.—A serious flood menaces the territory along the Des Moines river from Des Moines to Keokuk. The stream is rising and indications are that several blocks of houses in the lowlands of the city will be surrounded by several feet of water. Heavy rains have caused a rise in the Raccoon river and this will augment the flood. Families are moving out of the basements in the business district of Ottumwa, which is under water.

### Heavy Rainfall About Urbana.

Urbana, Ill., Aug. 19.—This section of the country suffered from the heaviest rainfall in a decade. The fall amounted to 3.10 inches, and the damage done to the Twin Cities and crops in the adjoining country cannot be estimated.

### Village Is Wrecked.

Wichita, Kas., Aug. 19.—A tornado struck the town of Lost Springs, demolishing a grain elevator, a church, and five residences, and blowing three freight cars off the track. Three men were seriously hurt and several slightly injured.

### Tornado Kills Four Persons.

Grand Forks, N. D., Aug. 19.—A severe storm passed over the eastern part of this state, coming from the direction of the Turtle mountains. Four deaths occurred, eight miles east of Rolla, as a result of the tornado. The house of a settler was blown down and his wife and three children were killed.

### MERCY TO AN ILLINOIS KNIGHT

Supreme Tribunal of Pythians Modifies Kennedy Sentence.

San Francisco, Cal., Aug. 19.—The supreme tribunal modified the punishment imposed on W. D. Kennedy, former supreme recorder of the Illinois grand tribunal. Kennedy, who was charged with appropriating to his own use \$5,000 of the order, was ordered expelled. The supreme tribunal modified the expulsion to three years suspension.

### Farmer Killed in Fight.

Guthrie, Okla., Aug. 19.—Charles Berlew, who came recently from Illinois, was shot and instantly killed in a desperate four handed fight, and Rodney Slipes was seriously wounded.

### Elgin Butter Market.

Elgin, Ill., Aug. 19.—No butter was offered for sale in the Elgin board of trade. The official market was made 20c, steady. The output was 640,000 lbs.

### Charity Gets King's Gift.

London, Aug. 19.—King Edward has devoted the gift of \$50,000 received from the maharajah of Gwalior to the hospital fund.

### Threatens the Czar.

Vladivostok, Aug. 19.—The czar of Russia recently found on his desk a missive from a revolutionary committee threatening him with death unless he conceded constitutional government to Russia. The czar was greatly alarmed.

## SENATOR QUAY WAY END STRIKE

### LEADERS TO MEET ON FRIDAY

J. P. Morgan, George Baer, President of the Reading Railroad, and John Mitchell to Confer With Others Who Are Interested.

Atlantic City, N. J., Aug. 19.—The conference over the coal strike at United States Senator Quay's cottage on New Hampshire avenue will probably lead to a settlement of the long drawn struggle. The result was a decision to have a meeting between Senators Quay and Penrose, J. P. Morgan, John Mitchell, George Baer, president of the Reading railway, and other prominent persons, who are interested in the settlement of the trouble, in Philadelphia next Friday.

### What the Miners Want.

The delegation represented the People's alliance of Wilkesbarre, and they went over the situation thoroughly as it stands to-day in the mining region. Statements were made to the senators regarding existing conditions and the difference between the miners and the operators. They were to the effect that the miners and their families are in great want, and that local business is greatly affected. The miners, it was stated, want a fair system of weighing and ten hours' pay for eight hours' work.

### May Make Concessions.

It was also the opinion of some of the delegation that even if these concessions were not granted by the operators the men might be satisfied with a nine hour day with ten hours' pay. Senators Quay and Penrose listened attentively to all the statements that were made and asked many questions, which showed that they were deeply interested in the settlement of the strike at an early date.

It was the consensus of opinion on the part of the delegation that there are differences existing on both sides, and that if the representative of the miners and operators could be brought together a settlement could readily be made by means of arbitration.

### Delegation Is Hopeful.

Senators Quay and Penrose agreed to do all in their power to bring about a speedy settlement of the strike by arbitration, and made the statement that they are ready and willing to meet the representatives of the miners and operators or both at any time or place that might be agreed upon. The senators may also see some of the district presidents, and if necessary J. Pierpont Morgan, in order to bring about a settlement of the strike. All the members of the visiting delegation felt that a long step had been taken toward a settlement of the existing differences.

### MINE DEAL IS NEARLY CLOSED

Experts Reach Springfield to Examine Books of Coal Company.

Springfield, Ill., Aug. 19.—The deal for the purchase of all shipping coal mines in Sangamon and Menard counties and of the mines in Christian county north of Taylorville is practically closed. Twelve expert accountants sent here by the Audit Company of New York have arrived to examine the books of the companies involved in the deal and report on what property they have in order that a syndicate representing \$12,000,000 of eastern capital can know whether the values put on them are too high.

### DRUNKEN CAROUSAL IS FATAL

Only Woman in Party Is Killed and Others Are Hurt.

Morrow, O., Aug. 19.—Frank Brace and Carrie Price were visited by Jerry Kersey, Jesse Whitacre and Robert Day. During a drunken carousal Carrie Price was shot and killed and others were injured. The visitors escaped and Brace was arrested. The coroner withholds his verdict until Kersey has been caught. It is claimed that a shot fired by Kersey killed the woman.

## "A HELPING HAND"

Is Gladly extended By a  
Janesville Citizen.

There are many enthusiastic citizens in Janesville, prepared to tell their experience for the public good. Testimony from such a source is the best evidence and will prove a "helping hand" to stores of readers. Read the following statement:

Veteran A. F. Lee, of 61 Sharon St., carpenter, says:

For twenty years I could hardly keep at my work, and by rights should have stood at home and doctored. It was seldom that my back did not ache, and I have been completely laid up for three or four days at a stretch. When stooping or lifting sharp twinges penetrated the kidneys, the secretions from those organs were too frequent and accompanied by pain. I used all kinds of remedies but none gave permanent relief. Obtaining Doan's Kidney Pills at the People's Drug Co., I took them, and after the first three or four doses a noticeable change was brought about. I improved steadily from then on and on completing the treatment I was in good condition and am now well.

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for U. S. Also on sale at King's Pharmacy.

Remember the name, Doan's and take no other.

## DAILY CARNIVAL NEWS

**Pierce-Thompson**  
Miss Gertrude Pierce and Mr. Charles Thompson were publicly married at the Myers House corner this afternoon at three o'clock. As the wedding carriage approached the scene of festivity the band struck up the appropriate air. "There Will Be a Hot Time in the Old Town Tonight."

**The Elks' Jail**  
Elks' patrol wagon No. 13 and its force of police officers did an immense business today. Starting at about 10:00 o'clock the first victim was H. S. Gilkey, and he was closely followed by "Happy Hooligan," who had been parading the streets with a placard on his back setting forth the merits of the Statue Turning to Life. The first prisoner was released on the payment of a fine amounting to less than a dollar, but Happy was returned to his cell.

**Breaks His Ankle**  
J. F. Sweeney's arrest proved neither profitable to the officers or to the proprietor of the Grand hotel. As his shackles were released that he might descend from the patrol wagon he bolted up the street. He had gone barely a block when the fell turning his ankle so badly that he was taken to the hotel instead of to the court room. A doctor was summoned and it was found that the internal malleolus had been broken by the fall, and Mr. Sweeney will not be able to walk with ease for some time to come.

**Take Up Gorgey**  
Travelling Agent Gorgey of the B. & O. road is becoming thoroughly disgusted with Elks' carnivals. Almost every town that he has visited has had some such celebration under way, and almost his first experience on reaching this city was that of being taken up by the Elks' patrol. The battle that he put up in resisting the officers was almost unequalled during the day, but it was of no avail, and Mr. Gorgey and Happy Hooligan, occupied Cell No. 11 in partnership until the cases were called for trial.

**Floral Parade**  
Those who are to take part in the floral parade are requested to leave their names with C. S. Putnam not later than Wednesday evening.

**No Confetti Yet**  
Chief Hogan has issued an order that all confetti throwing must stop until Thursday night and he will see that the order is obeyed. Three nights of confetti throwing is enough without having it going all the week. This order also applies to throwing bran, corn, oats or anything answering the same purpose as confetti.

**The High Dive**  
The high dive made by Prof. Thompson at the foot of Court street hill last evening at ten o'clock was one of the finest exhibitions ever given in the city. He dives forward from a ladder sixty-five feet high and turns a back somersault into a tank of water three and one half feet deep. The exhibition is free and is given

twice a day at 4 o'clock in the afternoon and at ten o'clock at night.

**No Council Meeting**  
The carnival had too many attractions for the mayor and aldermen last evening and only aldermen Lowell, Rice, Hutchinson and Hemming answered to roll call. The council adjourned until Wednesday afternoon at 2 p. m. when the matter of macadamizing Wall, Marion, Franklin, Harrison and North High streets will be taken up.

**Mad Dogs**  
Officer John Brown was called to the First Ward yesterday afternoon to kill a dog reported to be mad. When he reached the place he found two dogs jumping and tumbling around so killed both of them. Officer Brown is of the opinion that the dogs were poisoned and suffering from the effects of it. A number of dogs have been poisoned lately in different parts of the city and it looks as if some one was distributing poison around prominently.

No attraction at the carnival draws more attention or wins more praise from the patrons than Cooke's wonderful automatic city of Jerusalem.

**FUTURE EVENTS**  
Grand Elks' parade this evening at 8 o'clock.  
High dive tonight at 10 o'clock.  
Elks' carnival tonight, tomorrow and all the week.  
Floral parade, led by the carnival queen, Thursday morning at 11 o'clock.  
"James Boys in Missouri" at the Myers Grand on Thursday evening.

## KNOX TO BE SUPREME JUSTICE

Attorney General to Succeed Associate Justice Shiras.

Washington, Aug. 19.—There probably will be another vacancy on the bench of the Supreme court some time in October. Associate Judge Shiras is expected to retire some time in October. It is known that the President has in mind for the place Attorney General Knox, who is a Pennsylvanian, besides the one lawyer in the administration in whom the President places absolute reliance as an adviser in legal matters.

## SENTENCE FOR F. C. ANDREWS
